

LIGHT NOTES

Tony & Martha spent time in Honolulu, Hawaii at the famous Queen Kapiolani Hotel on Wikiki Beach. Overlooking the iconic Diamond Head Crater. This retreat has all the features you would expect at a great Hawaiian get away.

Last year they had a difficult time with the long flights from Ausie to the US. We got them up in first class cabin this year and split the trip up on the way home.

When I called home to see how their trip went, Tony said, "No jet lag this year" We are already planning on next years trip to the US.

Light of the World Retreats

The October 2010 retreat was wonderful. The message that was given Friday night was entitled "Righteous Judgment". We all have to understand that the Father of Jesus is not the god that we knew in times past. We think we know the Father but we will never know the true Father of Jesus with our own understanding. What does that mean? You have to come to the

place where you recognize that you can not do anything and you do not know anything. The Son can do nothing of himself! You can do nothing to effect God in any way. Understanding this is the true meaning of repentance. You are that Son that will enter into your inheritance the moment you realize you are already known as the Son of God.

Scheduled Retreats: 2010
Next weekend is our second meeting. November 12th & 13th. We will start Friday evening at 8pm and end Saturday at 4pm.

Our next meeting will be December 17th & 18th, 2010

Potluck lunch will be served on Saturday. We have sleeping room for up to 12 out of town guests. You could come to the area for a short vacation as we have great lakes, golf and other attractions.

I will share on Friday evening. We will watch one of Tony's videos at 10:00am Saturday morning. Lunch will be from 12pm-2pm then a meditation in the afternoon with fellowship afterwards. We will have time for sharing at lunch and following the afternoon meditation.

We will be blessed as we come together in silent listening.
